

*And West is West*: Selected bibliography, articles of interest and page references to similar information in the novel.

Atherton, Kelsey D. "[No One Wants To Be A Drone Pilot, U.S. Air Force Discovers.](#)" *Popular Science* 21 Aug. 2013. "Drones are usually chosen for jobs that are 'dirty, dangerous, or dull'—with dull being the key word here." [AWiW p.28]

Bowley, Graham. "[Wall St. Computers Read the News, and Trade on It.](#)" *The New York Times*. 21 Dec. 2010. "Math-loving traders are using powerful computers to speed-read news reports, editorials, company Web sites, blog posts and even Twitter messages — and then letting the machines decide what it all means for the markets." [AWiW p.22]

Detrixhe, John, Nikolaj Gammeltoft, and Sam Mamudi. "[High-Frequency Traders Chase Currencies as Stock Volume Recedes.](#)" *Bloomberg Business*. 2 Apr. 2014. "For high-frequency traders, the place to be is foreign exchange. Firms using the ultra-fast strategies getting scrutiny thanks to Michael Lewis's book "Flash Boys" accounted for more than 35 percent of spot currency volume in October 2013, up from 9 percent in October 2008." [AWiW p.84]

Chozick, Amy, and Nicole Perlroth. "[Twitter Speaks, Markets Listen and Fears Rise.](#)" *The New York Times*. The New York Times, 28 Apr. 2013. "[T]he use of algorithms designed to peruse millions of sources of information like blogs and social media to analyze and execute trades is only becoming more widespread." [AWiW p.133]

Cloud, David S. "[Transcripts of U.S. Drone Attack.](#)" *Los Angeles Times Data Desk*. Los Angeles Times, 8 Apr. 2011. "04:59 (Pilot): And Arrow30, Kirk97. That's a negative on PAKWIND, uh, today. Um, say again the color of the vehicle, uh, you're on and be advised there should be three vehicles in a line. The first and the third are definitely destroyed. The second is somewhat intact and we have, uh, multiple MAMs, uh, wandering around in the vicinity. How copy?  
04:59 (Safety Observer): Well don't forget the women and children, dude...  
04:59 (Pilot): I know. I know." [AWiW p.139]

ElBoghady, Dina. "[Market Quavers after Fake AP Tweet Says Obama Was Hurt in White House Explosions.](#)" *Washington Post*, 23 Apr. 2013. "But in the investing world, where super-high-speed computer trades dominate the market, the reassurances did not come quickly enough to prevent momentary chaos. The Dow fell more than 100 points between 1:08 p.m. and 1:10 pm." [AWiW p.97]

Goldman, Adam. "[Top Al-Qaida Bomb Maker in Yemen Resurfaces.](#)" *CBS/Associated Press*. 27 Apr. 2012. "When a drone strike killed one of the leaders of al Qaeda's affiliate in Yemen last year, U.S. intelligence officials thought they also had wiped out the terrorist group's top bomb maker. Soon it became apparent that Ibrahim Hassan al-Asiri, the brains behind sophisticated bombs that have been used in attempts to attack the U.S., was still alive." [AWiW p.137]

Kritzer, Adam. "[How Does Terrorism Affect Your Trading?](#)" *Forex Blog*. 21 June 2007. "When U.K. police foiled a plot to blow up twelve planes flying between Britain and the U.S. in August 2006, the GBP and EUR fell on the news." [AWiW p.13]

"['Numbing & Horrible': Former Drone Operator Brandon Bryant on His Haunting First Kill.](#)" Interview by Amy Goodman and Juan Gonzalez. *Democracy Now* 20 Nov. 2015. "I was in Seattle getting healthcare at the VA, and they were like, 'Mr. Bryant, this is the FBI. You're not in trouble.' . . . I believe that these are intimidation tactics." [AWiW p.165]

Otto, Jean L., and Bryant J. Webber. "[Mental Health Diagnoses and Counseling Among Pilots of Remotely Piloted Aircraft in the United States Air Force.](#)" *Medical Surveillance Monthly Report* 30, No. 3 (Mar. 2013). "[T]he relatively low rates of mental disorder diagnoses among Air Force pilots compared to their counterparts may reflect artificial underreporting of the concerns of pilots due to detrimental career ramifications . . ." [AWiW p.31]

Power, Matthew. "[Confessions of a Drone Warrior.](#)" *GQ* 23 Oct. 2013. "With enormous potential growth and expenditures, drones will be a center of our policy for the foreseeable future. (By 2025, drones will be an \$82 billion business, employing an additional 100,000 workers.)" [AWiW p.206]

Schiff, Adam B. "[Let the Military Run Drone Warfare.](#)" *The New York Times*. 12 Mar. 2014. "Faisal's brother-in-law Salem Jaber and nephew Waleed Jaber were two of the five people killed in the strike. Neither had any terrorist ties. It appears they were simply in the wrong place at the wrong time." [AWiW p.294]

"[U.S. Government Drones Patrol Half of Mexico Border.](#)" *Chicago Sun-Times*. 13 Nov. 2014. "The government has operated about 10,000 drone flights under the strategy, known internally as "change detection," since it began in March 2013. The flights currently cover about 900 miles, much of it in Texas, and are expected to expand to the Canadian border by the end of 2015." [AWiW p.304]

Williams, Christopher. "[The \\$300m Cable That Will save Traders Milliseconds.](#)" *The Telegraph*. 11 Sept. 2011. "In the high-speed world of automated financial trading, milliseconds matter. So much so, in fact, that a saving of just six milliseconds in transmission time is all that is required to justify the laying of the first transatlantic communications cable for 10 years at a cost of more than \$300m. [AWiW p.154]"

Woods, Chris. "[CIA's Pakistan Drone Strikes Carried out by Regular US Air Force Personnel.](#)" *The Guardian*. 14 Apr. 2014. Web. "A regular US air force unit based in the Nevada desert is responsible for flying the CIA's drone strike programme in Pakistan, according to a new documentary to be released on Tuesday" [AWiW p.3]"
